Welcome to Nottingham Co-operative Preschool!

We are pleased that you have chosen to become a member of Nottingham Co-operative Preschool (“**Nottingham**”) and we are confident that you and your child(ren) will be very happy here. This Parent Handbook is intended to provide you with an overview of Nottingham and the daily operation of the school. Please read through this handbook carefully and keep it for future reference.

What is a Co-op?

Nottingham is a non-profit corporation owned and operated by its members, who are the parents of the children registered in the school. The co-operative school philosophy encourages all parents to be involved in their children’s preschool experience. Family members can assume many different roles in the operation of the school, from management responsibilities to committee member positions.

Since it may not be possible for everyone to participate during school hours, the school offers opportunities for families to participate in committees and social events at other times of the day. Every contribution is valuable towards the efficient running of Nottingham and we hope that every family feels welcome in the Nottingham community.

Mission Statement

Nottingham’s mission is to create a positive learning environment for children. This will be provided by offering an affordable, accessible and accountable preschool that promotes the social, emotional, intellectual and physical needs of the child in a nurturing setting. Through play experience and the guidance of families and specially trained staff, each child will be exposed to activities that will fulfill their needs.

Aims & Objectives

A preschool is a place where a child is busy, safe and happy. Our main objective is to guide children toward a positive outlook on education and socialization, while helping to build self-esteem. We encourage all children to increase their abilities by being aware of their capabilities at each stage of development. The Program Statement attached as **Appendix A** to this handbook details this more extensively.

Roles of Teachers & Parents

In a co-operative school the parents and staff work together to provide a stimulating, safe and fun learning experience for our children while running the school in an efficient, cost-effective way. Although there is some overlap, the staff is responsible for the program and the parents are responsible for the administration of the school by participating in committees and/or acting as assistants to the teachers or classroom volunteers.

The Nottingham Teachers

Nottingham employs one supervisor who is a Registered Early Childhood Educator (“RECE”). Our remaining staff consists of one RECE lead teacher and four assistant teachers (including one RECE), who all have extensive experience working with young children. Our teachers are:

- Kim Pearce, RECE, Supervisor
- Jessica Boquin, RECE Lead Teacher
- Amy Allsopp, Assistant & Lead Teacher
- Zubaida Abubaker, RECE, Assistant Teacher
- Stacey Haight, Assistant Teacher
- Ann Hill, Assistant Teacher

Our teachers are the key to our success. Their energy, enthusiasm, warmth and professional training are what keep our children happy, interested, learning and having fun. The teachers are responsible for planning and implementing the curriculum and programs for the children. Parent volunteers assist the teachers in the classroom and can rely on the teachers for guidelines and suggestions. To maintain the co-operative effort in all aspects of the running of the school, the supervisor attends monthly Board meetings. Teachers are also the first line of communication for any issues parents have regarding their children’s class. The teacher will attempt to solve any issues, and bring it to the Board’s attention when necessary.

Lunch Program Staff

Since 2018/2019, Nottingham has offered an optional lunch program for children in our 3AM, 3PM and JK/SK classes. The lunch program is led by Jessica Boquin and is supported by Ann Hill.

Supply Teachers

From time to time, it may be necessary to have a substitute teacher either because of illness or a scheduled workshop or course. On the rare occasion that this is necessary, we select from a current list of experienced substitute teachers. If you are interested in being added to our supply list, please contact Kim Pearce, our Supervisor.

The Board

The parents on the Board of Directors (the “**Board**”) are responsible for the daily administration and running of the school. They establish fees, set school and staff policy, make financial decisions, maintain enrolment and waiting lists, share the responsibility with staff for annual license renewal and for meeting and maintaining the requirements of the *Child Care and Early Years Act, 2014* (“**CCEYA**”). They also organize and hold general meetings, look after lease arrangements and keep records that are passed on to new Board members.

Board meetings are held monthly. A copy of the minutes from each Board meeting is posted on the parent notice board outside the dramatic classroom. The Board relies on input from all members in order to achieve the highest standards and maximum efficiency in the running of Nottingham.

The Board is comprised of eight parent members who are elected at the Annual General Meeting in January. If you are interested in joining the Board, please contact the President.

The current Board is as follows:

- * President – Sandra Cadamuro
- * Vice president, Human Resources – Anita Hadjur
- * Vice president, Marketing – Dima Saghir
- * Vice president, Special Events – Jessica Withell-Boquin
- * Treasurer – Anna Patricio
- * Registrar – Jo-Anna Brimmer
- * Committee Coordinator – Holly Dalal
- * Secretary – Maria Jose Gonzalez

Volunteer Committees

The parents on committees maintain and clean the school property and equipment, organize social and children's events and generally keep the school running smoothly on a daily basis.

The committee positions are as follows:

- * Administrative Assistant & Calendar
- * Classroom Maintenance
- * Classroom Volunteer Scheduler
- * Fundraising
- * General Maintenance & Repairs
- * In-Class Parties
- * Newsletter
- * Scholastic Coordinator
- * Snack
- * Social
- * Program Enhancement
- * Registrar's Assistant
- * Marketing Assistant
- * Treasurer Assistant

Year End Clean Up Day

Each family, even one that has purchased a committee buyout, is required to participate in a year-end clean up for one hour on the scheduled day in June. The schedule will be posted in late May/early June for parents to sign up. This is a requirement and we trust that all families will fulfill their requirement. For 2019/2020, clean-up day is scheduled for **Thursday, June 18, 2020.**

Committee Responsibilities

Every family is required to either: (i) sign up for one committee position, committee chair position or Board position, or (ii) pay a committee buyout fee, which is \$500 for 2019/2020. The Committee Coordinator assigns committee positions and makes every effort to assign a position that was requested by the family. Depending on the number of requests and enrolment for the year, this may not always be possible. Committee positions will be announced at Orientation Night.

Please note that families who choose to pay the committee buyout fee are still required to participate in year-end clean up.

CLASSROOM VOLUNTEER

Families who have a child enrolled at Nottinghill can volunteer in the classroom, but this is not a requirement. However, if you do commit to being a classroom volunteer, then know that our teachers will plan the day based on having additional help in the classroom. Therefore, if a parent does not show up for a scheduled volunteer day, teachers may not be able to continue with normal classroom programming.

Timing

On your volunteer day you are required to be in the classroom **10 minutes before classes start** and you should inform the teaching staff in the creative classroom by the cubbies of your arrival.

Schedules

Classroom volunteer schedules will be distributed via email at the beginning of each month. Please ensure that the Volunteer Scheduler has the email address of the individual who will be the classroom volunteer. You can send your scheduling preferences to the Volunteer Scheduler (contact information on page 18) 30 days in advance and they will make their best efforts to accommodate your requests.

Staff and parents are required to comply with Nottinghill's Behavior Management Policy, Guidelines and Procedure. A copy of this policy is attached (**Appendix B**) for reference. There are also a number of policies that all parents are required to review. These policies are included in **Appendix B** after the Behaviour Management Policy, Guidelines and Procedure. Please take time to review these policies and should you have any questions do not hesitate to contact the Supervisor or the President.

Changes to the Schedule

Once you have been notified of your volunteer days we ask that you make best efforts to fulfill your commitment. The Teachers plan the day based on your attendance and additional help. If you are unable to participate on your scheduled day, we ask that you see if there is another parent volunteer that can switch with you. If you are unable to find a substitute, please make sure to inform the Volunteer Scheduler and Lead Teacher at least 5 days before your scheduled date. If you require other families' contact information, please check your class contact list or, if necessary, contact the Registrar.

Any changes to the volunteer day schedule should be noted on the master schedule posted on the parent information bulletin board in the hallway outside the dramatic classroom (by the gymnasium). Teachers are not involved in rescheduling volunteer days.

Criminal Reference Check

Every person who participates as a classroom volunteer must have a criminal reference check on file with Nottinghill. The ORIGINAL police check must be viewed and verified by the Registrar at least **7 DAYS BEFORE YOUR FIRST VOLUNTEER DAY**. When providing an initial police check to the Registrar, the date of issue must be within the prior 6 months. Once a police check has been accepted, it is valid for a period of 5 years from the date of issue so long as there is no break in volunteer service. After 5 years, or a break in service, a new police check will be required. You must complete a Volunteer Criminal Offence Declaration Form if it has been more than one year since the date of issue of your police check. For administrative convenience Nottinghill collects Volunteer Criminal Offence Declaration Forms in January/February of each year.

Classroom Information

What Should You Bring to School?

For children who are not yet toilet trained, please bring a Ziploc bag containing a change of clothes, diapers and wipes that are to be left in the washroom. All children require a backpack that contains a change of clothes and a pair of indoor shoes. Please label all items with your child's name. It is also advisable to have extra diapers and wipes (where applicable) in the backpack. Please do not bring any food or drinks to the school.

Arrival

The morning programs begin at 9:00 a.m., the lunch program begins at 11:30 a.m. and the afternoon programs begin at 12:30 p.m. Please stay with your child until the teacher in the classroom or playground has received him/her. As the Church is a shared space, please ensure that your child(ren) does not run in the church hallways while they are waiting to enter the classroom. If your child(ren) is arriving for the lunch program, please bring them with all of their belongings to the Nursery room.

Dismissal

Classes finish at 11:30 a.m. (morning classes) and 3:30 p.m. (afternoon classes) and the lunch program ends at 12:30 p.m. Please arrive promptly to pick up your child. Teachers have a very short lunch period, much of which is used to prepare for the afternoon classes. The teachers work from 8 a.m. to 4 p.m. and need time between afternoon dismissal and 4 p.m. to prepare for the next day and clean up the classrooms. Parents who miss dismissal (e.g. have not arrived to pick up their child by the time all other children have been dismissed) will

receive a written warning. If a parent subsequently misses dismissal, a penalty of \$1/minute will be applied. Repeated infractions will result in additional penalties to be determined by the Board based on the given circumstances. Please see the fine section below for more details.

You are strongly encouraged to make alternate arrangements with another parent in your class for those unforeseen circumstances that may result in you being late. Please keep in mind that children will only be released to individuals indicated on their registration forms. If someone else is picking up your child after class, please provide a teacher with a note setting out this information. Please inform the teacher of any permanent changes to the individuals who may pick up your child, e.g. car pool arrangements.

Dismissal can be a very busy time at a preschool. Once the program is over and the children are dismissed, parents resume responsibility for their children. Please ensure that your child(ren) does not run through the hallways of the church once school has been dismissed. This can be very disruptive to church members and tenants of the church.

Outside Play

The children will have time each class to play outside, weather permitting. Outside play will be cancelled if it is raining or, for the 2AM, 3AM and 3PM classes, if the temperature is below -10° (including the wind-chill), or for the JK and SK classes if the temperature is below -12° (including the wind-chill). The teachers will check the weather, as stated on The Weather Network, at 8 a.m. and 12:15 p.m. respectively. At that time a decision will be made whether or not to cancel outside play and a note will be posted on the front door when outside play is cancelled. On days where there are special events planned (e.g. Halloween, December Holidays, Valentine's Day, Mother's Day, picture day) outside play may be cancelled. Teachers will inform parents via Remind app.

Please ensure that your children are dressed appropriately for the weather. Snow pants, hats, boots and mittens are a must in winter. In the fall and the spring it is strongly suggested that your children have splash pants, as the playground can be wet. Please ensure that all clothing, including boots, is labeled with your child's name.

Art Folders / Communications

Each child will be assigned an art folder that we ask you to check each class day. Not only is this where you will find all the exciting art projects that your children produce, but it is one of the ways in which the Board and teachers will communicate with you. Although Nottinghill uses email as the most common means of communication, there may be times when the art folders are used. Since we will often send communications via email, please add registrar@nottinghillpreschool.com to your email contacts to make sure you receive all emails. If you are not receiving emails, please contact the Registrar to make sure we have

your correct email address. Nottinghill's teaching staff also uses the Remind App to communicate directly with parents and sometimes sends photos of your child in class. We strongly recommend that you download this application. You will receive details from your child's teacher at the beginning of the school year regarding the App.

Daily Class Schedule

The program at Nottinghill is balanced to develop the different areas of learning and to maximize the value of learning through play. A monthly calendar is distributed via email and a daily timetable is posted on the parent information board by the cubbies, outside the creative classroom.

Birthdays

The children are given special treatment on their birthdays! Special treats such as birthday crowns and a take-home surprise chosen from a birthday treasure box will be provided. Due to allergy restrictions, special birthday snacks from home on your child's birthday are **not permitted**.

Field Trips

Parents or caregivers are required to attend some field trips. For liability reasons, siblings are not allowed to attend field trips. If your child is travelling in someone else's vehicle please ensure that the individual has a car seat or booster seat that meets current legal requirements.

Special Events

Many special events are planned for the children throughout the school year, including special visitors. Parties are organized to celebrate occasions such as Halloween, December Holidays, Valentine's Day and Mother's Day during regular school hours. These parties are for the school children only.

The Year End Picnic is held in June at an outside venue and is open to the entire family. It is a wonderful way to end the school year and welcome the summer months.

Fire Drills

The fire drills at Nottinghill are held monthly. The Fire Marshall visits and inspects the preschool periodically and conducts a fire drill while present. Fire drill procedures are posted in each classroom. It is important that you read and familiarize yourself with these procedures prior to your first volunteer day.

Emergency Weather Closings

Severe weather conditions or other emergencies may make it necessary to close the school. Nottinghill will be closed if the Halton District School Board cancels school due to inclement weather. CFRB 1010 AM, Halton's radio station, will advise listeners of this, the teachers will send a note via the Remind App and the Registrar will advise members by email as soon as possible not to bring children to school. You can also check the Halton District School Board website at <http://www.hdsb.ca/> to determine if school has been cancelled.

If there is a change in weather conditions, the President, on the advice of the Supervisor, may deem it necessary to have early dismissal or cancel afternoon classes. In the situation of early dismissal, parents will be notified by telephone of the early dismissal and advised to pick up their children immediately. If afternoon classes are cancelled before they start, the Registrar will send an email to parents advising them not to bring their children to school. The staff will send a message through the Remind App and post a notice on the school door.

Emergency Procedures

In the event that there is an emergency, Nottinghill staff will ensure that children are kept safe, accounted for and are supervised at all times. The President or individual Board members designated by the President will notify parents via telephone if an emergency occurs. Further information can be found in Nottinghill's Emergency & Lockdown Policies and Procedures which are in **Appendix B**.

Lunch Program

Nottinghill has a daily lunch program (Monday to Friday) which runs from 11:30am to 12:30pm and is available to children in our 3AM, 3PM and JK/SK classes. Parents can register for the program based on the number of days per week that they wish their child to attend. A child must register for the program for the year. Monthly payment of fees and withdrawal from the program is subject to Nottinghill's normal procedures for payment and withdrawals. Fees will be determined based on the number of days per week that the child is enrolled in the program. Please see Nottinghill's fines section for additional information regarding fees for late pick-up or failure to comply with Nottinghill's policies regarding the lunch program and allergies.

Bagged Lunches

Nottingham promotes the healthy development of all children, recognizing the importance of a balance diet. We ask parents to please help us in meeting the following Halton Region requirements regarding bagged lunches.

Parents and Guardian's Responsibilities:

- The bagged lunch meets the requirements set out in Canada's Food Guide: <https://food-guide.canada.ca/en/>
- The lunch must be provided in a labeled lunch bag with an ice pack.
- Foods that may have come in contact with peanuts/tree nuts are not allowed in the child's lunch.
- Foods containing allergens (other than peanuts/ tree nuts) for children currently enrolled in Nottingham's lunch program are not allowed in the child's lunch (i.e. if a child enrolled in Nottingham's lunch program is allergic to eggs, then whole eggs or egg salad sandwiches are not permitted).
- Parents will review the list of allergens and foods to be avoided that will be provided to them by Nottingham staff and ask questions where necessary.

Staff Responsibilities

- All surfaces will be cleaned with a cleaning solution prior to and following lunch. Floors will be swept after the lunch program.
- Staff will ensure the children wash their hands before lunch.
- Staff will monitor lunches to ensure that no food arrives at the center that contains nuts or has the warning sign "may have come into contact with nuts". Staff will also monitor for allergens of children currently enrolled in Nottingham's lunch program (e.g. if hummus is provided where a child in the lunch program is allergic to sesame seeds).
- An alternate lunch (or part thereof) will be provided if a child forgets their lunch or their lunch contains items with food allergens that must be avoided. A courtesy call to the parent or guardian will be made and the food served will be recorded in the daily logbook. A written warning will be issued for the first occasion on which Nottingham is required to provide a child with lunch, following which fees will apply.
- Staff will not permit children to share lunches.
- Staff will supervise closely any child that has a life-threatening allergy by sitting next to them or across from them during lunchtime.
- Staff will monitor each child's lunch and should a child's lunch consistently not adhere to Canada's Food Guide then the staff member will work with the parent to provide sample menus.
- Drinking water will be made available at all times.

Nottingham Provided Lunch

Nottingham provides a nutritious (cold) lunch for those not bringing a bagged lunch. Lunch will meet the requirements of Canada's Food Guide. Nottingham's Lunch & Snack Policy and Procedures will be observed in preparing the lunch. A sample menu is available upon request from the Supervisor. The menu will be created each school year based on the allergies of the children enrolled in the lunch program.

Health Precautions

If your child has a medical problem/allergy that may occur during school hours it is essential that the Registrar be informed in writing and that a medical action plan be prepared for your child before the beginning of the school year. Your child will not be allowed to attend class without a medical action plan, which may need to be signed by your medical professional. Please also discuss any medical problem with your child's teacher.

If medical problems arise during the school year, please inform your teacher and the Registrar immediately with written instructions as needed.

If your child shows signs of illness (fever, vomiting, diarrhea, green discharge from nose, pinkeye) or shows signs of having a communicable disease, you MUST KEEP THE CHILD HOME so the illness is not spread among other children, parents and teachers. Please inform the teachers of the details.

If your child has a contagious childhood disease such as Chicken Pox or Fifth Disease, you **MUST** inform the teachers. Should a number of children have the same contagious disease the Ministry requires that Nottingham post details of the outbreak. This information will be posted, in an anonymous manner, on the door of each classroom.

If your child becomes ill during school hours, you will be contacted and asked to take the child home.

Head Lice Policy

If your child contracts head lice, you **MUST** immediately notify the teachers. Nottingham will anonymously post on the classroom doors that there has been a case of lice when required under the CCEYA. Nottingham requires that a clearance notice from a medical practitioner be given to the school prior to a child being able to return to class. Families can phone We Care (1-855-507-6562) to locate a nurse the next day or take their child to a medical practitioner (e.g. physician, walk-in clinic) for a recheck and a clearance notice.

Food & Snacks

Our teachers prepare a nutritious snack for each class. The monthly Snack Menu is posted outside the classrooms on the Parent Information Boards. We ask you to refrain from sending any food, candy or gum with your child unless they require a special snack that has been approved by the teachers and the Board.

Allergies

Nottingham runs a peanut-free program. Please be aware that Nottingham does not have exclusive use of the facilities in Glen Abbey United Church. The church is not a designated nut-free environment and leases its space to other tenants when our classes are not in session. Thus, we cannot guarantee that our school will be free of food allergens, although we strive to make it safe and promote a peanut and nut-free environment.

Some of our students have severe, potentially life threatening food allergies. An allergy list is posted in each classroom and in the kitchen. Please respect the fact that some of these allergies are life threatening and do not bring food of any kind into the preschool (unless required due to dietary restrictions and approved by the teachers and the Board). If your child has had peanut butter for breakfast or lunch before coming to school, please ensure that hands and faces are well washed and teeth are brushed. Even traces of peanut products on a child's hand or face can cause a reaction in a child who is severely allergic. If clothing has been soiled with a peanut product, please change your child before sending him/her to school.

Please note that parents of children who require epi-pens must complete additional paperwork in order for the child to start school. The Registrar will provide this paperwork to you prior to the start of school.

Accidents

Nottingham carries accident insurance, liability insurance and property coverage. The details of Nottingham's insurance coverage are available from our Treasurer. A copy is also kept at the school.

Required Registration Forms

There are specific forms required by the Ministry of Education that must be maintained on file at the school by the Registrar. These forms comprise the registration package. **Every box** on these forms must be **filled out completely** and must be on file for your child to start school.

Please respond to any requests for information from the Registrar promptly. The Registrar should also be informed of any changes to your personal information throughout the school year. You can leave a note in the Registrar mailbox with any updates or send an email to registrar@nottinghillpreschool.com.

The Registrar must receive written notice two full months prior to a child's withdrawal from the school. For example, since all fees are withdrawn one month in advance, notice must be provided on or before Sept. 30th for a child leaving the school Nov. 30 so that no fees will be withdrawn for month in which the child will not be in attendance. **No partial monthly fees will be refunded.**

According to Nottingham By-laws (Article 2, Section 5) no fees are refundable after April 30th.

There is no reduction of fees for illness or holidays.

Fines will be applied to the following situations:

1. NSF cheques - \$40.
2. Late pick-up of child (missed dismissal) – \$1/minute late. One written warning to be provided. Repeated infractions will result in additional penalties to be determined by the Board and can include dismissal from the lunch program or school depending on the circumstances.
3. Failure to provide child with lunch or where lunch must be replaced because it contains food allergens - \$20. One written warning to be provided. Repeated infractions will result in additional penalties to be determined by the Board and can include dismissal from the lunch program.
4. Non-Compliance with Nottingham By-Laws and Policies – penalty determined by the Board and can include dismissal from the school.

Failure to pay outstanding fines will be referred to the Board for consideration and can result in dismissal from the school.

By-Laws and General Policy Manual

The President and the Supervisor hold a complete set of Nottingham's By-laws and Policy and Procedures Manual. Any parent, upon request, may view these.

Annual General Meeting

The school's Annual General Meeting is held each January and it is at this time that a new Board is elected. If you are interested in joining the Board, please contact the President prior to the Annual General Meeting. This is also the first opportunity for current member families to enroll their children for the next school year. All school members are encouraged to attend and exercise their voting privileges.

Fundraising

Fundraising is an important part of a non-profit co-operative preschool. Fundraising allows Nottingham to pay for special events, i.e.: Sportball, and purchase education and art supplies for the school. As a non-profit school we rely on fundraising in order to run an extensive learning program for our students. Other than tuition fees, fundraising is the only other source of income the school receives from its members.

Newsletter

Our monthly newsletter provides a critical communication link between the Board of Directors, the teachers and our members. The newsletter will be sent to you monthly via e-mail. A hard copy is available upon request and will be posted on a school bulletin board. Please read the newsletter to stay informed about important school events and activities.

Social Media

Nottinghill has a Facebook page and Instagram account. Help to keep your family informed on what is happening at Nottinghill by joining our social media groups.

Parking

For the safety of the children, please **back in to a spot on the north side of the Church** when dropping off and picking up children during program time. **Please do not park in the spaces on the south side of the Church.** Only the main door on the north side of the Church will be unlocked.

Appendix “A”

Program Statement

Nottingham Co-operative Preschool (“**Nottingham**”) offers a learning program that is consistent with the Ministry of Education policies, pedagogy and curriculum, the *Child Care and Early Years Act, 2014* and also based upon the Ministry document *How Does Learning Happen? Ontario’s Pedagogy for the Early Years*.

Nottingham’s mission is to create a positive learning environment for children. This will be provided by offering an affordable, accessible and accountable preschool that promotes the social, emotional, intellectual and physical needs of the child in a nurturing setting. Through play experience and the guidance of families and specially trained staff, each child will be exposed to activities that will fulfill their needs.

Children are competent, capable, curious and rich in potential

Nottingham recognizes that each child is a unique individual who brings his or her own abilities to the program and deserves the encouragement and space to try new things, explore new ideas and develop their own unique creativity.

We provide an environment that fosters curiosity, one that allows children to explore and learn. We believe that every child deserves a safe and caring environment. A place where they want to come to and feel comfortable and “at home”. This will allow them to grow and develop to their maximum potential.

At Nottingham we understand the importance of considering each child’s stage of development as this is unique and based on complex interplay between developmental factors and their unique family, community and life experiences. In each case, we aim to integrate all areas of the child’s development into our program in a holistic way.

Our goals for children, consistent with the Ministry of Education pedagogy, include the following:

- Every child has a sense of belonging when he or she is connected to other and contributes to their world.
- Every child is developing a sense of self, health and well-being.
- Every child explores the world with body, mind and senses and is an active and engaged learner.
- Every child expresses themselves in many ways and are all capable communicators.

Children's interests are valuable to their learning and offer a rich variety of experiences. The type of activities we offer daily are:

- Drama, music, dance and visual arts
- Physical education
- Language and literacy
- Science and technology
- Daily opportunities for physical education and active outdoor play
- Numeracy skills including number recognition, time telling and basic math skills

Our Programs are designed to:

- Encourage children to interact and communicate in a positive way and support their ability to self-regulate
- Foster the children's exploration, play and inquiry
- Provide child-initiated and adult-supported experiences
- Offer opportunities to create authentic, lasting relationships with others in the program
- Offer daily opportunities to interact with a variety of adults, including teachers, parents and community helpers.

Health, Safety, nutrition and well-being of children

We know that the early years set the foundation for children's health and well-being.

- The brain's architecture is shaped by a child's interactions and relationships with parents and other significant people in their lives.
- Early brain development is stimulated through experiences and interactions with responsive adults.

We understand that the first step in establishing and nurturing health, safety and well-being for children in our programs is through the connections they make with the program staff, volunteer parents and students on placements. Some specific ways we promote well-being in our programs are:

Health and Safety – as a licensed child care operator, Nottinghill meets and exceeds all health and safety requirements of the Ministry of Education and Halton bylaws. Information is provided in our Parent Handbook (for example the Anaphylaxis Policy). You can also speak to our staff at any time to view our complete Policy and Procedures Manual.

Nutrition – All snacks and beverages meet the recommendations set out in the Health Canada documents. We accommodate allergies, dietary and religious food requirements for children in our program. Our menu is always on display on the parent board. In cases of severe allergies, we eliminate the allergens from our classrooms completely.

Relationships among children, families, staff and community partners

One of Nottingham's core values is to foster collaborative and co-operative relationships among all of our partners. We strive to promote a sense of belonging for children and their families in our programs by creating positive interactions and collaborations with our families. Nottingham is a co-operative school with a philosophy that encourages all parents to be involved in their children's preschool experience. By registering your child at Nottingham you have made a commitment to be active in the running of our school.

Not only are parents involved in the day to day classroom responsibilities through volunteer days, they are also part of the greater Nottingham community by joining committees that help with the running of the school, from fundraising, to in-class parties, to classroom and outdoor maintenance to program enhancement, parents are involved and have a strong voice in the running of the school.

Every child is entitled to be given the opportunity to develop personal responsibility, social skills, problem solving skills and to learn about diversity and inclusion.

As competent individuals children are active participants in resolving conflicts. The skills of conflict resolution are important to lifelong learning and so we encourage children to come up with ideas and solutions to problems that may arise.

Nottingham is committed to working collaboratively with all of our community partners as we work together on the mutual goal of providing the best possible child care service to families.

Positive self-expression, communication and self-regulation

Our inclusive programming at Nottingham leads to children's sense of belonging. We are aware of and therefore, foster and support, encourage, respond to and document the many ways in which children express themselves, the many "voices" with which they express their ideas and the variety of methods they use to communicate. We also seek to honour and reflect the children's home language and culture in our programs.

In our inclusive learning environment, we welcome children of all abilities. Respect for diversity, inclusion and equity is critical for the children's development. Here are some examples of how we create an inclusive environment in our programs:

- Recognize each child as having equal rights to participate in program activities, trips and events.
- Recognize and respect the unique qualities of each child and family, including ancestry, culture, ethnicity, race, language, gender, gender identity, sexual orientation, religion, socio-economic status, family environment and developmental abilities and needs.

- Create strategies that value the culture and first language of all children.
- Establish programming strategies to foster an inclusive learning environment in which every child can participate.
- View the diversity of children and families as an asset, and plan programs to reflect the differences and enrich the environment.

Our programs focus on active play-based learning as the way that children naturally learn best. When children are manipulating objects, acting out roles, or experimenting with different materials, they are engaged in learning through play and driven by their own interests. Play allows them to actively construct, challenge, and expand their own understandings where they make connections to prior experiences and open the door to new learning. Intentional play-based learning enables children to investigate, ask questions, problem solve and engage in critical thinking. It is responsive to each child's unique learning style.

Nottingham also supports the children's self-regulation. When children are calmly focussed and alert they are best able to modulate their emotions, pay attention, ignore distractions and understand the consequences of their actions. We encourage, guide and support their ability to deal with stress and remain calm, alert and ready to learn. We continually strive to create learning environments and programming that helps support children's self-regulation.

Parent engagement and communication

Nottingham believes that parents are experts on their children and sharing knowledge will best help children reach their full learning potential. We aim to have a high level of communication and engagement with families about our program and about their child's experiences.

Respect, care, empathy, trust and integrity are core values in our interactions with families. Our school could not run without the support and engagement of our families. We aim to ensure that families enrolled receive affordable, safe, reliable, high quality licensed child care for their children and that the children and their families feel a part of the Nottingham family.

We know that our partnerships with our families help promote our program to best meet the needs of the children:

- Families form the foundation for a child's early development. Families know their children best and are the first and most powerful influence on learning and development.
- The needs of each child are considered in the context of their family composition, values, culture and language. This approach enriches relationships between early childhood settings, families and their communities.
- We involve parents and other important adults in various events and activities within our programs, as well as the day to day learning, so that the child's learning can be enhanced by a full understanding between school and family.

In addition to the daily interaction with program staff we offer many opportunities for parent feedback and involvement, such as in class duties, surveys, an annual meeting and committees in the school. We use parent input to guide many decisions made by the school and to improve our programs and services.

Community partners

Nottingham is committed to involving local community partners and to engaging those partners in supporting Nottingham children, families and staff.

We provide learning opportunities in the areas of programming and administration to members of the community through volunteers and students on placement. Volunteers and placement students augment the high-quality care and individual attention given to the children in the programs.

We have many community partners – individuals, organizations and agencies who support Nottingham families financially or through in-kind support. We collaborate with these partners and continue to create more opportunities to expand these relationships on behalf of our children and families.

Supporting Staff in continuous Professional Learning

Nottingham is committed to hiring, training and fairly compensating staff. We hire staff who have a positive and sensitive attitude towards children. Our non-discriminatory hiring practises provide individuals of all backgrounds the opportunity for employment. All staff are entitled to be respected, supported and treated fairly.

Our Nottingham staff foster children’s creativity and inquiry by planning based on observations they make on the children’s interests. They plan for and create a positive learning environment in which each child’s learning and development will be supported.

Nottingham staff believe that knowledgeable and responsive early childhood educators:

- Recognize that responding to the unique abilities, needs and characteristics of each child and family is central to supporting learning and development.
- Engage with children as co-learners as they explore their environments.
- Provoke children’s thinking, create meaningful programs and guide interactions with children and their families.
- Use a warm and positive approach to support children’s developing ability to express emotions and understand other perspectives.
- Know when to stand back and observe compared to when to enter children’s play to stimulate thinking.

- Make a commitment to build self-awareness, regularly reflect on practises and engage in new learning experiences, both individually and colleagues.

Formal professional development is vital, but we believe that professional growth also happens day-to-day, as our staff co-learn with children and each other as self-reflecting professionals. All program staff receive training on an ongoing basis and are part of the Quality First program.

Documenting and reviewing the impact of Nottingham Co-operative Preschool's learning program

Children learn through play. We know a child's play provides foundations for language, literacy, math, science and technology and the arts. Nottingham provides the opportunity to excel in these areas through play.

Program plans are written weekly based on themes. The following areas are included on the program plans, cognitive, creative, fine motor, gross motor, science, music, sensory and dramatic play. Nottingham brings in various services from the community to enhance our program, such as outside sports programming and outside music programming.

Report cards are written in the school year to let parents know how their child is progressing in our program. Formal parent meetings are set up upon request and informal information is shared with parents daily.

Play is critical to the healthy growth and development of a child. As children play, they learn to solve problems, to get along with others and to develop fine and gross motor skills needed to grow and learn.

Behaviour Management Policy, Guidelines and Procedure

Policy

Staff, student teachers and volunteers of Nottingham Co-operative Preschool (“**Nottingham**”) are expected to comply with Nottingham’s Behaviour Management Guidelines (outlined below) and the requirements of the *Childcare and Early Years Act, 2014* with respect to behaviour management. Failure to do so will result in a verbal and written warning and could include dismissal.

It is the legal responsibility of all staff, student teachers and volunteers at Nottingham to immediately report all suspected cases of child abuse and any noncompliance with Nottingham’s Behaviour Management Guidelines to the Supervisor and/or a member of the Board of Directors.

Guidelines

It is the aim at Nottingham to guide the children’s behaviour in an appropriate, consistent manner, while displaying respect and understanding for the child’s feelings. Our goal is to help a child maintain control of his/her emotions and actions while learning to express him/herself positively. All children respond differently. We do not restrain, humiliate or punish our children but give them limits and consequences that provide alternate behaviours for them to learn.

At Nottingham we believe that discipline should be:

- Related to the nature of the troublesome behaviour
- Appropriate to the developmental level of the child-having appropriate expectations
- Used in a positive and consistent manner
- Designed to assist the child to learn appropriate behaviour
- Implemented as soon as possible after troublesome behaviour occurs
- Discussed with parent(s) if a difficult situation arises with a child

In order to protect the emotional and physical well being of the children in Nottingham’s care, the following forms of discipline shall not be permitted:

- Corporal punishment of a child
- Physical restraint of the child, such as confining the child to a high chair, car seat, stroller or other device for the purposes of discipline or in lieu of supervision, unless the physical restraint is for the purpose of preventing a child from hurting himself, herself or someone else, and is used only as a last resort and only until the risk of injury is no longer imminent
- Locking exits of Nottingham’s premises for the purpose of confining the child, or confining the child in an area or room without adult supervision, unless such confinement occurs during an emergency and is required as part of Nottingham’s Emergency & Lockdown Procedures
- Use of hard or degrading measures of threats or use of derogatory language directed at or used in the presence of a child that would humiliate, shame or frighten the child or undermine his or her self-respect, dignity or self-worth

- Depriving the child of basic needs including food, drink, shelter, sleep, toilet use, clothing or bedding
- Inflicting any bodily harm on children including making the child eat or drink against their will
- Shaking, shoving, rough handling or excessive yelling at the children

In order to build the child's self-esteem and provide a positive learning experience, the following positive alternatives shall be used at Nottingham:

- Redirection, providing a positive alternative
- Positive guidelines, stating expectations and request in a positive way
- Acceptance, accepting a child's feelings and helping him/her to verbalize
- Limits, settings limits which are developmentally appropriate so the child can feel secure
- Provide an acceptable outlet for feelings
- Show acceptance of individuality, age differences and maturity
- Look for causes of misbehaviour-hunger, fatigue, jealousy, change in family life, etc.
- Listen to children-some messages are hidden in their meaning
- Consistency is very important but there must always be room for flexibility
- Recognize that children have individual needs at individual times

Procedure

- 1) A Nottingham staff member will observe and complete the Volunteer/ Student Behaviour Management Practice Chart for a volunteer or student teacher each time they participate in a Nottingham class.
- 2) Nottingham's Supervisor will complete a Behaviour Management Practices Chart for each Nottingham staff member on an annual basis. During the first year of employment of a new staff member, the Supervisor will complete three Behaviour Management Practices Charts. The President, in conjunction with a Nottingham RECE staff member, will complete a Behaviour Management Practices Chart for the supervisor on an annual basis. Any staff member may be subject to further Behaviour Management reviews at the request of the Board of Directors.
- 3) Any Nottingham staff member, student teacher or volunteer who fails to comply with Nottingham's Behaviour Management Guidelines will receive a verbal warning from the Lead RECE teacher for the class in which the behaviour was observed. This warning will include a discussion and review of Nottingham's Behaviour Management Guidelines. The Supervisor will inform the President of the failure to comply with the Behaviour Management Guidelines and will ensure that the Lead RECE teacher completes a Behaviour Management Follow-Up Practices chart for the incident and makes a note of the behaviour in the Daily Log. The individual's performance on the next volunteer day/work day will be recorded on the Behaviour Management Follow-Up Practices chart.
- 4) Should a Nottingham staff member, student teacher or volunteer fail to comply with Nottingham's Behaviour Management Guidelines a second time, the individual will receive a written warning from the Board of Directors.

- 5) A third failure to comply with Nottingham's Behaviour Management Guidelines by a Nottingham staff member, student teacher or volunteer will result in dismissal or a revocation of the individual's ability to participate in volunteer days. A parent/caregiver who is not permitted to perform volunteer days must pay the applicable non-participating fee for any remaining months of the school year.
- 6) In any instance when a Nottingham staff member, student teacher or volunteer fails to comply with Nottingham's Behaviour Management Guidelines the Board of Directors will exercise its discretion to determine if the individual should be immediately dismissed/barred from volunteer participation or if actions other than those outlined above should be taken. In exercising its discretion the Board of Directors will consider the following criteria:
 - Seriousness of the offence
 - Actual or potential risk to the child
 - Past performance of the employee/parent in general
 - Recent performance
 - Frequency of occurrence
 - Previous disciplinary action taken

Prior to September 1st of each calendar year, a designated staff member will obtain written confirmation from each of the above-mentioned emergency shelters that they will act as such.

Where emergency services personnel are not already aware of the situation, the Supervisor must notify emergency services personnel (911) of the emergency as soon as possible. Where Nottingham has been evacuated, the Supervisor will notify emergency services of individuals remaining inside the building, where applicable.

If the President is not already on site, the Supervisor must contact the President to inform them of the emergency situation and the current status, once it is possible and safe to do so.

For any emergency situations involving a child with an individualized plan in place, the procedures in the child’s individualized plan will be followed.

For any emergency situation that is not described in this document, the Supervisor will provide direction to staff for the immediate response and next steps. Staff will follow the direction given.
